Graves Named Homecoming Chairman

MR. GRAVES

■ John Graves, AB 51, has been named Homecoming Chairman for 1959. Mr. Graves, a Washington public relations consultant, is a member of Sigma Alpha Epsilon fraternity.

Chairman Graves is now busily making plans for the Homecoming Alumni Dinner, which will be held on November 13 at 6 p.m. in the University Gymnasium. This event will be followed immediately by the University Players' production *Damn Yankees* at Lisner Auditorium. On Saturday, November 14, the football game at Annapolis against the Naval Academy will be followed by a post-game reception for alumni at Carvel Hall in Annapolis, jointly sponsored by the Colonials, Inc. and the General Alumni Association. The Annual Homecoming Ball will take place at the National Guard Armory Saturday evening, November 14, at 9 p.m.

First Hawaiian Representative Is University Alumnus

Representative Inouye is the first American of Japanese descent ever to serve in Congress.

Representative Inouye (center) is welcomed home by Alumni President James C. Van Story, Jr. (left). At right is Edmund L. Henshaw, Research Director for the National Democratic Congressional Committee, who attended the University as an undergraduate in the late forties and later the University Law School.

■ University alumnus Daniel K. Inouye, Representative from the new State of Hawaii, is the first American of Japanese descent ever to serve in the United States Congress.

A Democrat, Representative Inouye emerged from Hawaii's first State election as the only landslide victor, winning over his Republican opponent by more than a two to one majority. When he took office on August 24, he joined 20 other Members of the current Congress who have studied at George Washington or at National University, which

ALUMNI PRESIDENT VAN STORY STATES 1959-60 GOALS

I want to comment very briefly on the objectives of your Alumni Association during the coming year. These objectives can best be summed up in two words — COMMUNICATIONS and INFORMATION.

Communications are of paramount importance in the continuing development of the alumni movement at The George Washington University, since so very many of our graduates do not often have a chance to visit the campus area. When one does not see first hand the tremendous vitality and physical expansion of the University, it is difficult to comprehend just how greatly your University has progressed in recent years. Therefore we alumni who have the privi-

Pettit, Houser, and Potts named to new administrative posts.

■ Twenty-eight new faculty members assumed their duties at the University at the beginning of the 1959-60 Fall Semester.

In addition, three administrative appointments were announced. Calvin W. Pettit, Professor of Speech and Director of the University's Speech Clinic, was named Assistant Dean of Columbian College, the University's College of Arts and Sciences. The position has been vacant since the former Assistant Dean, Calvin D. Linton, was named Dean of the College in 1957.

Frederick R. Houser was named Registrar and Secretary of the Faculties. Mr. Houser has been Assistant Registrar since March 1958. He succeeds the former Registrar Fred E. Nessell, who retired in June of this year.

Edward A. Potts, former Secretary of the Law School, was named to the new position of Assistant Dean for Development in the Law School.

The new faculty members are:

Lt. Col. Edward M. Wall, Professor of Air Science. Lt. Col. Wall succeeds Col. Carl Swyter, who commanded the University's Air Force ROTC program for the past six years.

Friedrich Paul J. Diecke, Associate Professor of Physiology. Dr. Diecke is a graduate of the University of Würzburg, Germany. He has previously taught or done research at Würzburg, the University of California at Los Angeles, and the University of Tennessee.

Raymond R. Fox, Associate Professor of Civil Engineering. Professor Fox holds Bachelor's and Master's degrees from the University of Washington, and is pursuing his doctoral studies at Northwestern University. He has taught at both Northwestern and the University of Southern California.

Herman H. Hobbs, Associate Professor of Physics. Dr. Hobbs holds Bachelor's and Master's degrees from George Washington, and received his Ph.D. degree from the University of Virginia.

Waldo Sommers, Associate Professor of Public Administration. Dr. Sommers received his Bachelor's degree from Heidelberg (Ohio), and his Master's and Doctor's degrees from Yale. He also did graduate study at Columbia. He has taught previously at Lingnan University in Canton, China; at the University of Syracuse; and at Ohio Wesleyan University. He has also served almost twenty years in the field of Personnel Management and Training for the U. S. Government.

Richard D. Walk, Associate Professor of Psychology. Dr. Walk received his Bachelor's degree from Princeton, his Master's degree from Iowa State, and his Doctor's degree from Harvard. He has taught previously at both Harvard and Cornell Universities.

Robert H. Walker, Associate Professor of American Literature. Dr. Walker received his Bachelor's degree from Northwestern, his Master's degree from Columbia, and his Doctor's degree from the University of Pennsylvania. He has taught previously at Carnegie Tech, the University of Pennsylvania, Haverford College, and the University of Wyoming. At Wyoming, he was Director of the American Studies Program.

John M. Campbell, Assistant Professor of Sociology and Anthropology. Mr. Campbell is a graduate of the University of Washington, and is currently studying for his Doctorate at Yale University. A specialist in archeology and ethnography, he has done field work in Alaska, the Philippines, Washington State, and New Mexico.

John B. Christensen, Assistant Professor of Anatomy. Dr. Christensen received his Bachelor's degree from Brigham Young University, and his Master's and Doctor's degrees from the University of Oklahoma. He has taught previously at both the University of Oklahoma and Oklahoma Baptist University.

Percy Crosby, Assistant Professor of Geology. Mr. Crosby is a graduate of Dart-

Alumni President States Goals (from page 1)

lege of being active in the General Alumni Association want to give to other alumni a graphic description of today's University through the alumni publications program.

To accomplish this the alumni publications program has been substantially expanded. All alumni will receive in the coming school year — September through June—six *Newsletters* and the Homecoming issue of *The Hatchet.*

In addition, those alumni who request that their names be included on the mailing list, who contribute to the Alumni Fund, who are members of alumni organizations, or who held major campus positions as undergraduates will also receive the University Alumni Calendar, two issues of the *Alumni Review*, and an issue each of the *Federalist* and the G.W.U. Hospital *Courier* magazines.

Through these publications we hope to bring to the alumni who have not visited the campus in recent years a complete picture of the varied activities of the University. We want to tell about the carefully worked out plans for a campus stretching from Pennsylvania Avenue to F Street and from 19th to 24th Streets. We want to bring to the alumnus the story of the multitude of research projects being undertaken in the University; the progress of the University Hospital and Medical Center; the fine academic standards; the fact, for example, that entering students now must take College Board Examinations. In other words we want to communicate to each alumnus the increasing prestige and respect that is commanded by your University in the Nation's Capital.

The other objective is that of imparting information. By communicating through the alumni publications and through a series of alumni get-togethers—Homecoming, Commencement, athletic events, etc. — we hope to inform each and every alumnus not only of the progress of the University, but also of the problems of the University.

Today the private, non-sectarian educational institution is hard put to meet the rising costs of education. Many of the sources of financing available to other types of educational institutions are not available to your University. At George Washington we must depend on GENEROUS GIVING by alumni, friends, philanthropic institutions, foundations, and private business. To rightfully expect GENEROUS GIVING, we realize that our fellow alumni should be intelligently informed and be given SOUND REASONS why they should GIVE GENEROUSLY.

This we hope to accomplish during the coming year through the medium of the expanded alumni publications program. We look forward, in turn, to your inquiries and suggestions regarding your University and your Alumni program.

THE FOURTH ANNUAL ALUMNI FUND REPORT

By Charles S. Rhyne, *National Chairman*

Only in proportion to the extent that its alumni, trustees, and deans support a college may that college dare assume the right to seek the cooperation and financial support of foundations and corporations. Those educational institutions that cannot rally their alumni are in a poor position to ask the assistance of others; it is not what alumni give, but the number who give that is of supreme importance. All are in the unique position of being able to render significant service and must be active as builders, for an educational program cannot be separated from the program of raising funds vital to its support.

At this very moment, and even more-so in the future, higher education must have support on an unprecedented scale. If our children are to be better trained, if our scientists, our statesmen, our educators, and we as citizens are to conquer the new world of space and make our old world a better place, the American people must invest not only their money but also themselves in the complex, diverse American enterprise of higher education.

The chairman of the board of trustees of a mid-western university recently said that ". . . the Alumni Fund is our life saver. We couldn't keep the store open without it. With rising costs and a higher faculty salary objective to meet, we must increase our intake. . . . Believe me when I say I hate to ask people for money, but do you know of any other way to get it?" As National Chairman of the 1959 Alumni Fund I have not discovered any other means of raising funds than to ask.

In 1957 the Fund total was $24,077.27 with an average gift of $8.91. The 1958 Fund total reached $42,197.39 with an average gift of $17.94. The 1958 figure includes $8,133.66 contributed to the Law Center Fund.

This year *1,457* Alumni contributed *$31,615.24* with an average gift of *$21.70*. One hundred thirty-one Century Club contributors gave *$15,795.00*, and Law Center contributions totaled *$2,757.00*.

Gifts to the Fund this year ranged from *$1.00* to *$1,000.00*, while last year's gifts ranged from *$1.00* to *$2,647.00*. The many small gifts form the bulwark of the Fund, all of which are to be used as designated by the contributor.

My thanks go to all chairmen and workers for their devotion during this year's campaign. It is only through the effort of loyal alumni, giving of themselves and their time, that any university can succeed in fund raising.

We must double our efforts to propagate the poignant need of educational giving, for we need complete participation.

Let us remember that a gift to independently financed educational institutions helps maintain government under law and that the product of our educational system determines our children's futures.

To Achieve the Vision of Greatness is the title of the University's recently published brochure on wills and bequests which is now available upon request. As the brochure points out, everyone should make a will to minimize taxes, reduce the expenses connected with estate settlement, and make certain that his estate will be distributed in accordance with his desires. In addition to general information about making a will, the brochure contains brief information on the forms of giving, tax considerations, and gift opportunities at the University. If you would like to have a copy of the publication, please address your request to the Office of University Development, The George Washington University, Washington 6, D. C.

SEC Symposium Issue

■ *The George Washington Law Review* will publish a symposium issue on the Securities and Exchange Commission in October, to commemorate the Silver Anniversary of the Commission.

The fifteen articles by leading corporate and government attorneys in this issue lucidly explain and authoritatively analyze the judicial and administrative interpretation of the most important and most complicated economic regulatory statutes ever enacted by Congress. The issue should be valuable to both the expert and those who desire to become acquainted with the detailed pattern of regulation or the judicial and administrative interpretation of any of these important statutes. Justice William O. Douglas of the United States Supreme Court, a former Commissioner and Chairman of the SEC, has written the Foreword.

A limited number of copies will be printed, and orders will be filled in the order received. Single copy price is $4.00. Checks should be made payable to *The George Washington Law Review*, The George Washington University, Washington 6, D. C.

Scottish Rite Fellows

■ Twenty-six students entered the University's School of Government this fall, and two more are expected in the spring, on Fellowships sponsored by the Ancient and Accepted Scottish Rite of Freemasonry, Southern Jurisdiction.

This group, by far the largest in the four-year history of the Fellowship Program, was sponsored by Scottish Rite Consistories in sixteen states: Arizona, California, Florida, Kentucky, Louisiana, Maryland, Minnesota, Mississippi, Missouri, Montana, Oregon, South Dakota, Virginia, Washington, and West Virginia; and two foreign countries, Taiwan and Japan. Thus the Program has grown not only to national but to international proportions in its short history.

The Program, which has as its purpose the education of young men and women for government leadership, was begun in 1956 by the Consistories of Louisiana. Under the Program, one or more students from each of the participating states or countries enters the University's School of Government for work toward the Master's degree. Each student in the Program receives a stipend of $1,800.

John Albert Tillema, Professor Emeritus of Political Science, 73, died August 20 after a long illness. Dr. Tillema taught at the University for 30 years before his retirement in 1952.

At Dr. Tillema's request, his former students were asked to be pallbearers. When this request was made known through the Washington press, several hundred of them responded.

Dr. Tillema attended Hope College in Michigan, and received the degree of Master of Arts from the University of Michigan and the Doctor of Philosophy degree from Washington University in St. Louis. He received the degrees of Bachelor of Laws and Master of Laws from George Washington and the degree of Juridical Science from Harvard.

Dr. Tillema's legal interest was municipal government. He did a great deal of research on the history of the Constitution and the Bill of Rights, and was particularly interested in the relation of church to state. He was active for many years in the civic affairs of Arlington County, and was at one time a member of the Arlington County Board.

Colonials, Inc. Enters Second Decade of Service

■ Colonials, Incorporated, the alumni organization which provides aid and encouragement to the University's athletic teams, was formed after World War II. Its membership is drawn from Alumni who feel that a substantial contribution can be made to the University through the support of the athletic program.

In the decade since the founding of the Colonials, an enviable record of activities has been compiled. Each year this alumni organization sponsors banquets and awards to celebrate the exploits of the athletic teams, provides grants to the coaching staff to enhance the effectiveness of the athletic scholarship program, and holds a series of social events for its membership.

A large percentage of the funds received from the dues paid to The Colonials is used directly to aid the athletic program. The remainder is used for administrative and social activities, such as the after-game receptions, which are held several times during each football season, and the periodic Coach's Reports, which keep the members informed of the progress of the various teams and enable the coaching staff to acquaint the alumni with the objectives of the athletic program.

The Colonials, Inc. officers for 1959-60 are Tad Lindner, President; Bill Perkins, Vice President; Bob Tull, Secretary; and Max Farrington, Treasurer. These officers and a Board of Trustees determine the policies and activities of this very active and effective alumni organization.

All alumni of the University are eligible to become members of the Colonials, Inc. Annual membership dues vary in accordance with the number of years since graduation. For alumni whose last degree or date of attendance at the University was prior to June, 1949, the dues are $25.00. For those alumni where less than ten years have elapsed since graduation, the dues are $10.00. There are also $5.00 dues for non-resident members and $10.00 dues for Friends of the University. Membership applications may be obtained from the Alumni Secretary, Stanley J. Tracy.

Inouye (from page 1)

was merged with George Washington. Representative Inouye pointed out that the Hawaiian legislature also has a large number of G.W. alumni.

Representative Inouye was a member of the famed Nisei 442nd Regimental Combat Team during World War II. He won a battlefield commission, the Distinguished Service Cross, and 14 other decorations for heroism.

After the War, he earned his Bachelor of Arts degree at the University of Hawaii, and then came to Washington and entered the George Washington University Law School, where he received the Juris Doctor degree in 1952. He then returned to Hawaii to practice law and to begin his spectacularly successful political career. A loyal G.W. alumnus, Representative Inouye has carried a memento of his law student days on his key chain since his graduation.
